

eero Outdoor 7

Weatherproof up to an IP66 rating, eero Outdoor 7 is built to extend your eero network beyond your walls.

eero Outdoor 7 supports wireless speeds up to 2.1 Gbps and provides up to 15,000 sq. ft. of coverage. Now you can enjoy your wifi on the patio or in the treehouse.

TOP PRODUCT BENEFITS

Built for the outdoors

IP66 rated for protection from dust, rain, and snow. Tested to operate between -40°F to 131°F.

Powered by AC or Power over Ethernet+

eero Outdoor 7 comes in three SKUs: a retail box with the eero Outdoor 7 and the 30W Outdoor PoE+ power adapter, a basic box without the PSU, and a PSU-only basic box.

Our software makes all the difference

Our patented TrueMesh software, combined with TrueRoam and TrueChannel, proactively keeps you connected to the optimal and most reliable wifi connection possible.

World-class customer support

Our highly trained support team is ready to help resolve any setup or wifi issues by email at support@eero.com or by phone in the U.S. at +1 (877) 659-2347.

Amazing coverage

eero Outdoor 7 provides up to 15,000 sq. ft. of mesh wifi coverage and connects 100+ devices.

Advanced security

An optional subscription to eero Plus protects your data, helping to keep your family's personal information, connected devices, and network protected from online threats.

Gets better over time

Automatic updates bring you the latest features and help keep your network safe and secure.

PACKAGING INCLUDES

eero Outdoor 7 bundle: one eero Outdoor 7, one 30W Outdoor PoE+ power adapter (18.6 ft.), one mounting bracket, one M22 connector, and mounting accessories for wood, fiber cement, vinyl siding, and stucco.
